Subject: Phenylmercapturic acid - Project Agreement 4

Dear Dr. Scherer:

Hans has forwarded your e-mail of 07/26/02 to me. We have reviewed the method validation sheet and draft project agreement and are fine with the scope and terms as they are outlined. In order to move forward with finalizing the project agreement, we would ask you to make the following minor revisions to the draft of the project agreement:

Section 1 (Services) - Last sentence - replace each occurrence of "each" with "the"
Section 3 (Fixed Fee) - First Sentence - replace "each such Project" with "the Project"
Section 3 (Fixed Fee) - Second Sentence - replace "any Project" with "the Project"

Once you have incorporated these revisions, please print and sign two originals of the project agreement. These can be sent to my attention (same address as Dr. Roethig). I will obtain the appropriate signatures on behalf of Philip Morris before returning one fully executed copy to you.

If you have any questions, please do not hesitate to contact me.

Regards,
Valerie
